ADMINISTRATION

Today we are faced with a world situation that is more confused and at the same time more critical than ever before. The problems that lie before us cannot be ignored, but must be solved. Our scientific progress has been great and yet it has contributed little towards the general welfare. Most of our efforts have been and still are devoted to the development of bigger and better ways of destroying our fellow man.

It seems strange that, in a completely harmonious universe where natural laws function with clocklike precision, man alone is responsible for his sorry plight. We are all faced with a responsibility and at the same time an opportunity to contribute our bit to the general welfare, and even though you might feel that yours is an insignificant part you must recognize the fact that the sum total of individual contributions will determine future world events. The task of building a new and better world is, however, long and arduous, requiring a great deal of work and unlimited patience.

I have no intention or desire of presenting to you a picture of world conditions that seem without hope; for such is not the case. We must, however, recognize the problem before attempting a solution. If we desire a peaceful, happy harmonious world then we must work toward that end. This we must do and at every opportunity and upon every occasion.

All of us should realize our good fortune in living in a democracy. We should do everything possible to purify and preserve our form of government. It is true that evil and abuses exist which, under no circumstances, should be considered inevitable. The same privileges if extended throughout the world help us greatly in achieving our purpose.

May your contributions to world peace and understanding be noteworthy and bring you success, happiness, and fame.

In the second conference game the Bear Cubs met the Pirates on their home field at Modesto. Modesto was the first one to score but failed to convert, leading 6 to 0. Late in the second quarter, when Modesto had the ball deep in their own territory, Bill Tarr, who blocked a kick, fell on the ball in the end zone, and the game was tied.

After halftime it was strictly Modesto's ball game, the final score being 26 to 6.

The fourth conference game saw San Mateo and Santa Rosa on Bailey Field. Santa Rosa scored first on a Bates punt and a pass from Frantz to Slender for a score of 6 to 0.

San Mateo obtained 2 points in the third quarter when a bad pass from the center was fumbled by Santa Rosa's punter, and a San Mateo man fell on it in the end zone.

The Bear Cubs came out victorious with a final score of 6 to 2.

SANTA ROSA 12 WEST CONTRA COSTA 6

Dick Hooper

Glen Kissinger

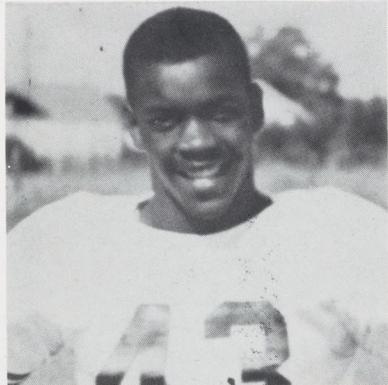

Against the highly favored West Contra Costa team, the Bear Cubs pulled their best seasonal upset downing the Comets 12 to 6.

In only five plays, the high spirited Cubs scored with Dick Hooper carrying the ball. A blocked kick left the score at 6 to 0.

The Bear Cubs put up a solid defensive wall, stopping the Comets' yardage gains. Santa Rosa began another march in the second quarter starting with a 60 yard run by Kissinger and ending with a goal line drive by Dick Stacey.

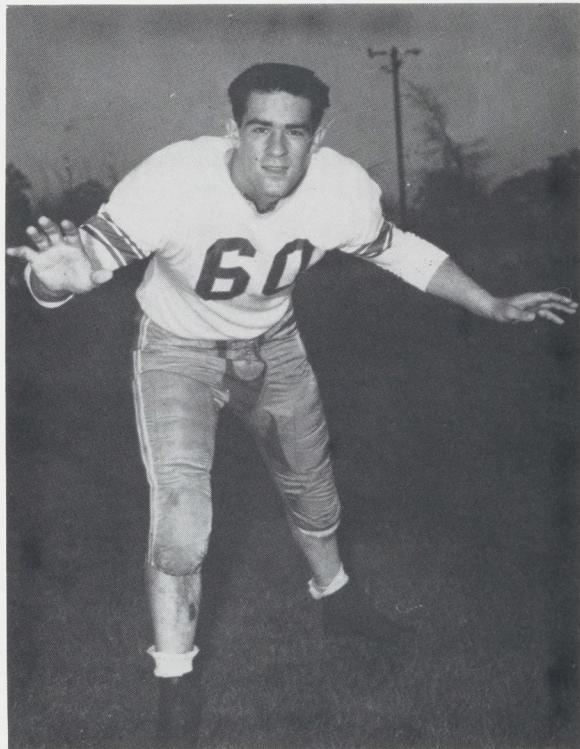

West Contra Costa made only one touchdown with the final score 12 to 6.

SANTA ROSA 27 SACRAMENTO 0

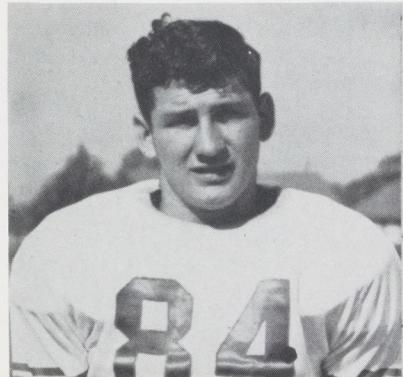

Ray Bates

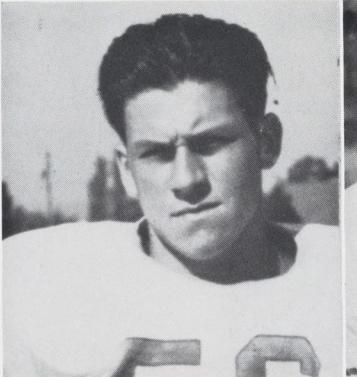

The last conference game brought rain, mud, and the Sacramento team. Stacey scored first against the Panthers making the score 7 to 0. In the second period, Frantz hit Boyd for a score. Little and Williams each scored on passes. Whited made three out of four conversions making the final score 27 to 0 in favor of the mud coated Bear Cubs.

The last game of the season featured the Bear Cubs' first loss on Bailey Field. Fullerton scored first and by the second quarter had obtained 13 points. At this point of the game Santa Rosa's offense began to click, with Dick Stacey scoring a touchdown around left end. Following, Fullerton came back to tally again. The next series of plays featured Hooper scoring for Santa Rosa, with the kick good and the score 20 to 13.

Near the end of the final period the Cubs drove hard to tie the ball game. From the 20 yard line Frantz connected with Little for the last touchdown, but with a failing kick, the final score rested at 20 to 19.

Track in 1953 turned out to be a successful season. Dick Blewett's team only lost two dual meets: Modesto and Sacramento. This year's team featured some outstanding men. Jerry Johnson enjoyed the thrill of holding the High Jump record (6' 2") for approximately five minutes only to watch Ron Walters set a new record at 6' 3". These two placed in every meet. George Witham and discus created trouble in the conference with his heaves of 130' plus, while Fred Jacobs was a consistent in the quarter, running his best in 49.5 seconds.

While trying to duplicate last year's championship team, the Bear Cubs made a strong bid for the "Big 7" crown. The last two games were lost to W.C.C., and this put the Cubs into a tie with Sacramento. Sacramento then revenged its two game defeat by taking the play-off game 2 to 1 in the ninth inning. The usual and winning combination was: Pitching: H. Rodriquez, K. Flaig, B. Blair; c, Sy Gonsalves; lb, H.

Deeths; 2b, R. Heathershaw; 3b, P. Wesley; ss, B. Rahming; lf, L. Hermon; cf, Joe Winstead; rf, G. Slender and Dick Stacy.

This organization is not the same as most of the clubs on campus. It has no elected officers and no by-laws. Its sole purpose is for enthusiastic students of California history. The name was derived from Mr. Bancroft, who was a collector of California items for the University of California. The group plans field trips to Sacramento, in Sonoma County, and to San Francisco. There is also a night group of twenty students. Among them are five teachers.
